

HIV Treatment Approaches in 2023:

A State of the Art Case-Based Update

Wednesday, April 19, 2023

6:30pm - 8:30pm

Delivered Over Zoom

Target Audience:

Family physicians, specialist physicians, medical resident, nurses, and nurse practitioners. All other allied healthcare professionals are encouraged to attend.

Learning Objectives:

At the end of this activity, participants will be able to:

- Review current treatment options and considerations for persons newly diagnosed with HIV
- Review current treatment options and considerations for persons living with HIV who are pregnant and/or of child-bearing potential
- Review considerations for managing switches from traditional oral antiretroviral therapy to newer long-acting injectable agents for stably-suppressed persons living with HIV

Presenter:

Alexander Wong MD, FRCPC

Infectious Disease Specialist, Regina ID Clinic

Associate Professor, Infectious Diseases, University of Saskatchewan

Attending this presentations meets the education recommendation for physicians and nurse practitioners to be added to SK Drug Plan as a Designated ARV Prescriber for Saskatchewan.

This presentation will be recorded and sent to all registered participants.

We encourage learners to attend live.

However, reviewing the recording is an option to receive the valuable content.

NO COST TO ATTEND!
