<td><strong>NARCOTIC DRUG</strong></td>
<td>All straight narcotics, all narcotic drugs, or compounds for parenteral use. Compounds containing more than one narcotic or compounds with less than two non-narcotic ingredients. All products containing diazepam, oxycodone, hydrocodeone, methadone or pentazocine.</td>
<td>Written prescription signed and dated by a practitioner. **Refer to Prescription Review Program.</td>
<td>No Repeats. All orders must be new, written prescriptions. However, a prescription total quantity may be dispensed in divided portions (part-fill), subject to professional discretion if the total quantity is indicated on the prescription.</td>
<td>All receipts/purchases (from the wholesaler or emergency supplies) record either electronically or via retention of invoices dated for the date of receipt.</td>
<td>Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).</td>
</tr>
<tr>
<td><strong>VERBAL PRESCRIPTION NARCOTIC</strong></td>
<td>A combination product not intended for parenteral use containing only one narcotic and two or more non-narcotic drugs in therapeutic dose, but not including products containing diazepam, oxycodone, hydrocodeone, methadone or pentazocine.</td>
<td>Written or verbal &quot;prescription (PLEASE SEE PRESCRIPTION REVIEW PROGRAM) from a practitioner. Verbal prescription** must be reduced to writing by a pharmacist showing: name and address of patient; name, initials and address of prescriber; name, quantity, and form of drugs;</td>
<td>No repeats. All orders must be new, written prescriptions. However, a prescription total quantity may be dispensed in divided portions, subject to professional discretion if the total quantity is indicated on the prescription. **Refer to Prescription Review Program.</td>
<td>Receipts – entry required in Narcotic Register. Sales – no entry required for sales pursuant to prescriptions, but emergency supplies provided to another pharmacist and returns to licensed dealers must be recorded in sales portion of Register. Prescriptions filled in order of date and number in a special file designated for Narcotics and Controlled Drugs.</td>
<td>Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).</td>
</tr>
<tr>
<td><strong>CONTROLLED DRUGS - LEVEL II</strong></td>
<td>Those drugs listed in Part 1 of the Schedule to Part G of the Food and Drug Regulations and Schedule III of the Controlled Drugs and Substances Act. They include amphetamines, methylphenidate, pentobarbital and secobarbital.</td>
<td>Directions for use; date; prescription number; name or initials of pharmacist.</td>
<td>No repeats are allowed if original prescription is verbal.** If written, the original prescription may be repeated if the prescriber has indicated in writing the number/frequency of repeats. **Refer to Prescription Review Program.</td>
<td>All receipts and all sales entered in Narcotic Register. Prescriptions filled in order of date and number in a special file designated for Narcotics and Controlled Drugs.</td>
<td>Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).</td>
</tr>
<tr>
<td><strong>CONTROLLED DRUG PREPARATION - LEVEL II</strong></td>
<td>A combination containing a controlled drug – Level 1 – as described above, and one or more active medicinal ingredients, in a recognized therapeutic dose, other than a narcotic or controlled drug.</td>
<td>**Refer to Prescription Review Program.</td>
<td>**Refer to Prescription Review Program in Saskatchewan.</td>
<td>Receipts – entry required in Narcotic Register. Sales – no entry required in Narcotic Register for sales pursuant to prescriptions, but emergency supplies provided to another pharmacist and returns to licensed dealers must be recorded in sales portion of Register. Prescriptions filled in order of date and number in a special file designated for Narcotics and Controlled Drugs.</td>
<td>Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).</td>

*This synopsis is a condensation of some of the pertinent Acts and Regulations. Users of the chart are reminded that it has been compiled for convenient reference only and that the official legislation should always be consulted for the purposes of interpreting and applying the laws.

**PRESCRIPTION REVIEW PROGRAM (PRP)**

- Written prescriptions are required for all PRP drugs.
- In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).
- No refills are permitted. A smaller portion of a total quantity may be dispensed at designated intervals.
CONTROLLED DRUGS - LEVEL II** Examples: Phenoxybenzamine, Anabolic Steroids (i.e. Delatestyl), etc.  See CDSA and Schedule G, Part II and III “Food and Drug Regulations”

Those drugs listed in Parts II & III of the Schedule to Part G of the Food and Drug Regulations and Schedule IV of the Controlled Drugs and Substances Act. They include: butorphanol, barbituric acid and its salts and derivatives (except secobarbital and pentobarbital) as well as steroids (Testosterone).

As immediately above, plus, in the case of verbal prescriptions:

- number and frequency of refills (if any) authorized.

**Refer to Prescription Review Program. Repeats may be authorized on original prescription whether written or verbal, but authorization must indicate number and frequency of repeats. Receipts – entry required in Narcotic Register or invoices must be available to substantiate receipt. Sales – no entry required in Narcotic Register for sales pursuant to prescriptions, but emergency supplies provided to another pharmacist and returns to licensed dealers must be recorded in sales portion of Register. Prescriptions filed in

Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

No refills are permitted. A smaller portion of a total quantity may be dispensed at designated intervals.

CONTROLLED DRUG PREPARATION - LEVEL II Examples: Flonin, Anabolic Steroids (i.e. Clomidacter), etc. See CDSA and Schedule G, Part II and III “Food and Drug Regulations”

A combination containing a controlled drug – Level II – as described above, and one or more other active medicinal ingredients, in a registered therapeutic dose, other than a narcotic or controlled drug.

**Refer to Prescription Review Program. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

**Refer to Prescription Review Program in Saskatchewan.

Order of date and number in a special file designated for Narcotics and Controlled Drugs.

Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

No refills are permitted. A smaller portion of a total quantity may be dispensed at designated intervals.

BENZODIAZEPINES & OTHER TARGETED SUBSTANCES Examples: Benzodiazepines (except for Flunitrazepam, Clzopine & Divalpromazine), such as Diazepam, Lorazepam, etc. Mazindol, Pripadol, Zolpedem etc. See Benzodiazepine & Other Targeted Substances Regulations

Those drugs listed in Schedule 1 of the Benzodiazepines and Other Targeted Substances Regulations. Written or verbal prescription from practitioner. Verbal prescriptions must be reduced to writing by a pharmacist showing date, prescription number, patient’s name and address, name and quantity of drug(s), directions for use, prescriber’s name, name and initials of pharmacist, and number of refills (if any).

**Refer to Prescription Review Program. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

**Refer to Prescription Review Program in Saskatchewan.

Receipts – entry required in Narcotic Register or invoices must be available to substantiate receipt. Prescriptions filed in the regular Schedule 1 file and must be retained for at least two years from the date of the last fill or refill.

Written prescriptions are required for all PRP drugs. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

No refills are permitted. A smaller portion of a total quantity may be dispensed at designated intervals.

PRESCRIPTION DRUGS LIST DRUGS (FORMERLY SCHEDULE F) See Part C, “Food and Drug Regulations”

Those drugs listed in Schedule 1 of the Bylaws to the Pharmacy and Pharmacy Disciplines Act, including drugs listed in The Prescription Drug List to the Food and Drug Regulations. Note: this includes drugs in the CDSA, which require a prescription (excluding low-dose (exempted) codeine products).

Written or verbal prescription from practitioner. Verbal prescriptions must be reduced to writing by a pharmacist showing date, prescription number, patient’s name and address, name and quantity of drug(s), directions for use, prescriber’s name, name and initials of pharmacist, and number of refills (if any).

**Refer to Prescription Review Program. In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

**Refer to Prescription Review Program in Saskatchewan.

Receipts – entry required in Narcotic Register or invoices must be available to substantiate receipt. Prescriptions filed in regular Schedule 1 file and must be retained for at least two years from date of last fill or refill.

Written prescriptions are required for all PRP drugs which includes: Baclofen, Chloral hydrate, Gabapentin, Oxybuphyn, Pregabalain, Tramadol and Zopiclon.

In Saskatchewan, all PRP drugs must be in writing, including the patients DOB, HSN and total quantity in writing and alphabetically (last requirement exempt if Rx is by electronic transmission).

No refills are permitted. A smaller portion of a total quantity may be dispensed at designated intervals.

TRANSFER OF PRESCRIPTIONS - Only prescriptions for Prescription Drugs in the Prescription Drugs List may be transferred from one pharmacist to another at the request of a patient. Prescriptions for Narcotic and Controlled Drugs may NOT be transferred. Prescriptions for Benzodiazepines and other targeted substances may only be transferred ONCE. It is unethical to refuse or interfere in the transfer of a prescription except when it is in the best interest of the patient

The pharmacist receiving the transferred prescription shall indicate:

1. the name of the pharmacist transferring the prescription;
2. the name and address of the pharmacy transferring the prescription;
3. the number of authorized refills remaining, if any;
4. the date of the last fill or refill.

When a prescription is transferred, the original prescription shall remain on file, and on it shall be entered:

1. the date of the transfer;
2. an indication that no further sales or transfers may be made under the prescription (i.e. the word “VOID”);
3. the name of the pharmacist and pharmacy to whom the prescription was transferred;
4. the patient profile, manual or electronic, must also indicate the prescription is “VOID.”

Last Revised: Nov. 3, 2021
