

EFFECTIVE IMMEDIATELY – SUSPENSION – ARTHUR WOO

As per the Decision and Order of the Saskatchewan College of Pharmacy Professionals (SCPP) Discipline Committee **Mr. Arthur Woo's licence to practise pharmacy is suspended until further notice.** Mr. Woo operates **Dewdney Drugs**, 3034 Dewdney Avenue, Regina Saskatchewan.

Currently Mr. Woo works as a solo practitioner at Dewdney Drugs, which may impact on the pharmacy's ability to provide pharmacy services to patients.

Mr. Woo will be afforded the opportunity to employ a licensed practising member in good standing with SCPP to continue the operations of Dewdney Drugs subject to the conditions and requirements of the Decision and Order.

A licensed Practising member must be in attendance at all times the pharmacy is open to the public as per *The Pharmacy and Pharmacy Disciplines Act* and the SCPP Regulatory Bylaws. If a Practising member is not in attendance, pharmacy services may NOT be provided, including but not limited to:

- the provision of filled prescription medications awaiting pick up by the patient or their agent;
- the dispensing of prescription drugs/medications;
- the provision of non-prescription-pharmacy-only (Schedule II and III) medications;
- the provision of pharmaceutical information including patient education;
- the receipt of prescriptions for dispensing via fax, phone or in person;
- the transfer of prescriptions as allowed by the *Food and Drugs Act* and corresponding regulations; and
- delivery of filled prescriptions/medications

Furthermore, the pharmacy does not contain a lock and leave installation. Such an installation allows the remainder of the premises (outside the designated pharmacy and professional services area) to remain open while the pharmacy is closed. **This will necessitate the closure of the entire premises until such time as a licensed practising pharmacist (in good standing) is on the premises and practising in the pharmacy.**

Should you have any questions please call the SCPP office at (306)-584-2292 or email info@saskpharm.ca
