Description (as per Section 2 of SDS)	Description (as per Section 2 of	f SDS)		
Product monograph contraindications, warnings, or precautions?	Product monograph contraindi	cations warnings	or precautions?	
Troduct monograph contrandications, warnings, or precautions:	1 Todact monograph contraina	cations, warmings	, or precautions:	

Complexity of this compound (as per USP 795):
Simple Moderate Complex
Is this compound only prepared occasionally?
Yes No No
Describe how often this compound is prepared (example: daily, weekly, monthly)
Are there only small quantities of ingredients being prepared?
Yes
On average, what quantity of this preparation is being prepared at a time?
Does the concentration of ingredients in the product present a health risk to the compounder?
Yes No No
Physical characters of the ingredients
Liquid Volatile Liquid Semi-Solid Solid Powder Cream/Ointment
Does preparation require special education or competencies for your compounding personnel?
Yes No No
If yes, then describe this in the master formulation record and consider whether level B or C requirements
apply:
Are there verification steps during compounding?
Yes
Do you have appropriate facilities and equipment to prepare this compound?
Yes
Is ventilation required for preparation (as per section 8 of SDS or product monograph)?
SDS Yes No
Product Monograph Yes No No

Is your	workflow uninterrupted?			
	Yes No No			
If no, de	f no, describe your processes to address the situation in order to meet standards:			
Is there	e risk of microbial contamination?			
	Yes No No			
There is	s a higher risk of contamination for creams as per the guidance document.			
Is there	risk of cross contamination with other products?			
	Yes No No			
Exposu	re risk to compounding personnel (as per section 2 of the SDS or product monograph)			
	From SDS			
	Skin Yes No No			
	Eye Yes No			
	Inhalation Yes No No			
	Oral Yes No No			
	Other			
	al Protective Equipment (PPE) deemed necessary (as per the SDS, product monograph and ment of risk)			
	Gloves			
	Regular Chemotherapy Double gloves			
	Compounding jacket / gown			
	Designated compounding jacket Disposable hazardous gown			
	Mask Yes No Type			
	Eye protection Yes No			
	Other PPE necessary (head, hair, or shoe covers)			

Is an eye wash station required?
Yes No No
Is a safety shower required?
Yes No
Risk level assigned
Level A Level B Level C
Rationale and other risk mitigation measured
